Befimmo at a glance

Befimmo[1] is a real-estate investor, operator and developer, active in Belgium and in Luxembourg.

For more than 30 years, Befimmo has been developing a high-quality, high-performance portfolio, consisting mainly of offices, multi-purpose buildings and coworking spaces.

Befimmo's priority for value creation is to provide stimulating, honest, hybrid and sustainable living and working spaces that respond to the main trends that, as of today, are shaping the world of tomorrow.

Sustainability criteria have become a natural extension of this strategy and drive us to innovate.

Your role:

Reporting to the Head of Controlling, you will play an active role in the department's key missions.

Reporting, Controlling, Closing and Financial Analysis

- You will be responsible for the day-to-day management of the Group's cash position and contacts with the banks' back office, as well as monitoring the short-term cash requirements of all Group companies;
- For each year-end, you will help to check the BEGAAP and IFRS accounting data;
- You will contribute to the preparation and improvement of quarterly and annual reporting, analyses for shareholders and the financial section of the Annual Report;
- Under the guidance of the Head of Controlling, you will prepare specific financial analyses;
- You will be involved in monitoring inter-company relations (financing and operational);
- You will participate in the implementation and maintenance of the various controls and procedures within the framework of internal control .
- You will play an active role in all the Controlling department's new projects.
